- \* Outstanding warranty period
- \* All units made with safety in mind
- \* Special units designed per request
- \* Reachable through web, phone, E-mail or simply by visiting
- \* Units inflated with fun, energy and excitement

# TESTIMONIALS

*We purchased our inflatables from Ultimate Jumpers in the spring and have gotten nothing but compliments this whole season from our customers and event goers. Recently we had to set up at the same venue as one of our direct competitors who had similar rides and the public chose our Ultimate Jumpers rides. There was a noticeable difference in the quality our rides, and we were so happy that we chose this company. If you are looking to succeed in a very competitive environment and do well you must have something that sets you apart and we found that in the sheer quality of the rides that Tony and Mary sent us. Our units were shipped to us in a matter of days and the CUSTOMER SERVICE was unbelievable! We already have a wish list of rides and interactive games that we will be getting from Ultimate Jumpers and we simply can't wait.*

**FunTastic Kids Jumpers**

**Raleigh, NC**

*Mary, my husband and I just wanted to thank you for all your help. I know we called you a lot with tons of questions but you were always polite and answered them all. We were very impressed with the bounce houses. We set them up for the kids in the neighborhood to try out. We received lots of compliments and comments on the quality of the bounce houses. We will be calling you in the future to hopefully expand our inventory.*

**Jersey Moon Bounce**

**Allison and Bernie**

*When I became serious about opening an inflatable business, I knew that choosing quality inflatables was a priority. After researching numerous businesses and asking several questions, my list was narrowed down to two companies. The warranty that Ultimate Jumpers offered and their customer service made my decision simple. My inflatables were manufactured to my specifications and colors and arrived when expected.. We have had thousands of jumpers use our equipment and we have had very few problems. Whatever minor issues that have occurred have been quickly handled by Ultimate Jumpers without hesitation and to my complete satisfaction. I am extremely satisfied with my inflatables and will not hesitate to purchase more equipment from them in the future.*

**Hop 2 It**

**Sharyl Wasden - Twin Peaks, ID**

*The customer service at Ultimate Jumpers is superb and the jumpers are excellent quality. One thing I think that sets Ultimate Jumpers apart is their ability to customize the units to your requirements. They were able to meet my unique requirements without any extra costs. Mary is truly wonderful. All my questions were answered, my requests met, and she provided valuable suggestions. On top of it all, she was very patient while I put my order together. Now that I received my first order, and inspected my new units, I'm very satisfied, and so I've got another order placed for more units from Ultimate Jumpers.*

**Marianas Family, LLC**

**Xavier Castro - Saipan, Northern Mariana Islands**

*We received the bouncers on the 17th and they're really spectacular. You've done a wonderful job and your quality is everything your website suggested it would be. We are very pleased, and should have no trouble renting them for years to come, dealing with ultimate jumpers was an absolute pleasure.*

**Terrifico Party Rentals**

**Jeff Taylor - Canada**

Ultimate Jumpers, Inc. proudly presents its USA based manufacturing company of inflatable jumpers, moonwalks, obstacles, slides, water slides, combos, outdoor movie screens, interactives, etc. All of our products are 100% manufactured here in Baldwin Park, CA.
